Reaching us by car

Leave the A 27 Autobahn at the Bremerhaven-Geestemünde exit (AS 8). Take a left at the roundabout (second exit) into Poristraße, toward Bremerhaven.

Continue to go straight at the second roundabout (second exit) into the street "Am Felde". Finally, you will reach an intersection with a traffic light, where you turn left into the Schiffdorfer Chaussee, toward Geestemünde.

The name of the Schiffdorfer Chaussee will change into "An der Mühle" after the railway underpass. Keep driving straight ahead.

The road will lead you directly to an intersection with Georgstraße (B6), where you will make a left turn and follow the road up to the ramp of the Fischereihafen (port). Take a right turn at

the second exit (traffic light) into the Hoebelstraße. Continue straight ahead for about 440 yards (do not follow the bend in the priority road). Park the car at the corner of Hoebelstraße and Amrumstraße (the fourth street on the right hand side). The entrance to our building is located on the Fünfmeterweg.

Directions with public transportation

At the central station take the 504 bus line to the stop "Am Fischbahnhof". From the bus stop walk about 150 meters (about 500 feet) down Hoebelstraße. Turn right into the Amrumstraße. The entrance to our building is located on the Fünfmeterweg.
